

Pacote Professional Start para instrutores

Description

This package gives instructors the opportunity to replace older equipment or get a range of different age manikins at an affordable price. The manikins provide students with realistic training in CPR and rescue, and the disposable airway with non-breathing valve allows for easy, sanitary, multi-rescue practice scenarios.

- Realistic appearance
- Lightweight
- Durable
- 2 torso-only, adult manikins, 1 full-body, pediatric manikin, and 1 full-body infant manikin
- Train students in adult and child rescue and CPR
- Includes 10 adult, child, and infant airways
- Includes 24 adult, child, and infant mouth/nosepieces
- Includes 100 face shields and clothing for child and infant manikins
- Warranty: 3 years
